Stewart Gardner - delivering for you in Simmondley

When he was elected in 2019, one of Stewart's pledges was to improve facilities for youngsters in Simmondley.

"It's been a project I've been lobbying and putting the case for over the past few years so I'm really proud that we now are getting a new playground on Pennine Road," he said.

Work started at the end of March to refurbish a tired facility. This represents a £60,000 investment by your Labour led council and will finally mean the kids of Simmondley get a playground they deserve.

"I'm delighted by the enthusiasm shown by kids and parents alike at the plans.

"I just wish we'd have had it a decade ago when my own son was a frequent user of the playground on his way back home from school!"

Opposing the Adderley Fields development

Labour's Stewart Gardner and Pam Mackie both oppose the plans to build 100 new homes on Adderley Fields.

They say there are many reasons to oppose the development – including the loss of one of the few remaining green spaces in Simmondley.

Pam says: "Perhaps the biggest issue is access to the site – a new road would need to be built from the A57 opposite

Dinting School, adding hundreds of car journeys a day to an already traffic clogged route. When you add in the pressure on infrastructure in our area and the demand for school places then we believe this development would be wrong for Simmondley."

If elected Stewart and Pam will speak against the proposal when it comes before the council's planning committee later in the year.

"Working together for a better Simmondley"

HELPING OUR SIMMONDLEY COMMUNITY

Stewart says, one of the most rewarding parts of being a local councillor is the ability to help local projects with small financial grants from my Councillor Initiative Fund. "Over the past year I have funded the purchase of the soldier silhouette which stood proudly on the green around the time of Remembrance. I also donated funds to Simmondley Primary School to help improve IT equipment and helped with the funding of the community track on our fantastic Simmondley trail."

OUR PLEDGES TO YOU

Adderley Fields: Continue to campaign against the proposed Adderley Fields development that would forever ruin one of the last remaining green spaces in Simmondley.

Campaign for better roads: some of our roads and pavements are in an appalling state and haven't seen significant investment for years. We will put pressure on DCC to do better.

Improve Leisure Facilities: Stewart has already ensured we have a new £60,000 playground in Simmondley – and will continue to lobby to try and improve leisure facilities for people in the area

Green Issues: we will support new green initiatives and help improve our local environment by continuing to carry out regular litter picks

Help and advice: we will carry out regular advice surgeries both in Simmondley and with councillor colleagues in Glossop town centre.

STEWART & PAM BACKING SIMMONDLEY

We believe in social responsibility and community support for people, as well as encouraging and enabling individuals and community groups to achieve their best lives.

We are lucky to live in such a beautiful part of the High Peak – our aim is to make it an even better place to live

Stewart GARDNER

I've lived in Simmondley for 25 years. Me and my family love it here and it'll always be home. I feel that visibility and availability are essential parts of being a councillor. I conduct regular litter picks to try and play a visible role in the battle with litter. And I also host regular advice surgeries – at YOGI in Simmondley & with my Labour colleagues in Glossop town centre. And I answer every email and try and help resolve every question or issue even if it's beyond the scope of a local councillor!

Pam MACKIE

I have lived in Hadfield for over 20 years and have raised five children here. I have worked as a GP since 2001 in Stalybridge, and at GTD out of hours, and then in Glossop at Cottage Lane, Simmondley, Manor House, Howard Street and Lambgates, so am familiar with the people and the area. I believe in supporting my patients as advocate and enabler and hope I can further this role as a local councillor.
