Rob says: Tintwistle needs a proper bypass

High Peak Labour Party has been campaigning for a solution to Glossopdale's traffic problems for more than 30 years, working with neighbouring MPs, councils and National Highways.

I have been banging the drum for a proper bypass for Tintwistle, even before I became a Councillor, not only to make our Village safer for residents but also to improve our air quality.

The current Mottram bypass scheme is a step in the right direction, but it is not a solution. In fact, it literally pushes the problems down the road from Mottram – into Tintwistle and Glossop itself.

I will continue to campaign for a proper solution, calling on all stakeholders to take it seriously and permanently resolve Tintwistle's congestion issues.

Rob Baker - delivering on his pledges to YOU

In 2019 I made a number of pledges to you. Here are a few of the things I've done since then:

CONDUIT STREET PLAYING FIELDS The playing fields are a much loved and vital community resource, I was delighted to secure funding for the new outdoor table tennis table and continue to raise new funding for our park.

MAKING TINTWISTLE A BETTER PLACE TO LIVE Supporting & funding community projects

and groups that make a real difference to our community.

Funding new planting.

IMPROVING OUR LOCAL ENVIRONMENT: Organising regular litter picking in Tintwistle and Hadfield and securing new street bins.

Pleased to have secured a new defibrillator for Crowden, making our community safer and ensuring that every corner of the ward has access to this life-saving equipment.

Rob Baker - listening to your views all year round.

ROB BAKER - SUPPORTING TINTWISTLE

My favourite part of being a councillor is supporting community groups to run events, develop new projects or provide facilities to the community. In the last 12 months I've made grants from my initiative fund to provide free school-holiday lunches to Tintwistle families, to support the running of the Village Gala, to pay for new planting and other environmental improvements and supporting local organisations & clubs to thrive. It was my pleasure to once again contribute towards the Village Scarecrow competition.

MY PLEDGES TO YOU

TINTWISTLE BYPASS

I will tirelessly campaign for a proper bypass for Tintwistle to solve our congestion and air quality problems

BE A VOICE FOR THE WHOLE WARD

– from Crowden to Brosscroft and everywhere inbetween. We may be on the edge of the High Peak but we need to be at the heart of the matter

SUPPORTING OUR COMMUNITY

To continue working hard to support our community groups, draw down new funding and improve facilities like Conduit Street Park for the benefit of everyone

GREEN MATTERS

To support new green initiatives and improve our environment through regular litter picks

CAMPAIGN FOR BETTER ROADS

Our roads and pavements are in an awful state and haven't seen any significant investment for years. I will put pressure on DCC to do better.

I was thrilled to secure a £20,000 contribution from HPBC towards the cost of the new clubhouse at Tintwistle Cricket Club. £10,000 was readily available from the sports facility's improvement fund, but I felt strongly that this project had a wider community remit beyond the cricket club, providing an accessible and inclusive venue for the whole community. The additional funding helped ensure that this vital project came to fruition. My thanks to the brilliant committee of Tintwistle Cricket Club who worked so hard to make the project a reality. The completed building is a shining example of what can be achieved when we work together.

ROB BAKER: BACKING TINTWISTLE

I am Secretary of the Friends of Conduit Street, striving to make our playground the best in the High Peak!

I made Tintwistle my home 14 years ago, raised a family here and have been active in the community ever since.

It has been my honour to represent the ward for the past 4 years, speaking up for our community.

Rob Baker: working hard for Tintwistle Ward, from Crowden to Brosscroft
